Embed YouTube Video in Moodle Editor

Moodle 4.0 Help (For Students): https://www.lttc.eduhk.hk/moodle/help-std

|	
	1. In Moodle Editor, click on the </> HTML symbol button for switching to HTML mode. **Tip:** If you cannot see the HTML symbol button, click icon ⬇ to show more buttons on the tool bar.
	2. To get the video embed code on YouTube, click on '**Share**' on your YouTube video webpage. ↪ Share
	3. Click on the '**Embed**'
	4. Click on '**Copy**'. The link will be copied to clipboard.

	5. Paste the YouTube video embed code in the HTML textbox.
	6. Click the HTML symbol button again. YouTube video is embedded. Save the settings page to finish.
